

Agriculture Loan Disbursement

HSBC Bangladesh has been supporting development of agriculture sector of Bangladesh by partnering with Microfinance Institutions (MFI). MFI linkage enables the Bank to reach out to remote borrowers and makes agriculture loans available to various parts of the country.

The Bank had agriculture loan disbursement target of BDT 2,460 million for financial year 2023-24 against which HSBC Bangladesh had disbursed BDT 3,000 million during the period. For 2024-25 financial year, the Bank has increased agriculture loan disbursement target to BDT 2,850 million. Like previous years, HSBC Bangladesh is well prepared to meet this target.

HSBC Bangladesh will continue its efforts to contribute to the development of agriculture sector of Bangladesh. Please contact the following focal point for any query regarding agriculture financing of the Bank.
